OUR VALUE

MISSION

We offer a range of high-end, modern bathroom and pool equipment, including pool equipment, water pumps, and advanced, environmentally friendly water filters. Each product meets international quality standards, providing lasting value and accompanied by professional, dedicated after-sales service for our customers.

VISION

To become a leading and reputable brand in Vietnam in the field of bathroom and swimming pool equipment and water supply and drainage solutions, contributing to improving health, convenience, and quality of life, aiming for sustainable values for the community and society.

ABOUT US

Mr. Maio Vincenzo, CEO and founder, is an Australian citizen with over 40 years of experience in the high-end swimming pool and sanitary ware industry. He has directly participated in the design and construction of numerous 5-star standard swimming pool projects in Vietnam, and also serves as the CEO of Van Tam Company.

With over 30 years of presence in the Vietnamese market and a deep understanding of Vietnamese culture and needs, Mr. Maio Vincenzo founded the Rivington and Divini brands. These brands were born from passion, dedication, and a desire to provide modern, sophisticated bathroom sanitary ware solutions in a European design style, meeting all Australian quality standards.

Rivington and Divini are not just products, but also a commitment to quality, aesthetics, and lasting value for modern living spaces.

BUSINESS STRATEGY

In its long-term development strategy, Van Tam focuses on expanding its distribution network through agents, investors, architects, and design-construction companies nationwide. With a solid foundation of experience, high professional competence, and a professional work style, Van Tam is committed to providing customers with modern, high-quality products that optimally meet their needs and enhance their living space experience.

Alongside its business goals, Van Tam always pursues a philosophy of sustainable development with the motto:

"Saving resources – Protecting the environment," contributing to creating lasting value for the community and society.
